

ARCO RUTENIO

A safe jewelry cabinet in glossy ebony, with ruthenium accessories. The safe is opened via an integrated round handle, featuring a biometric reader and an emergency key. Battery-operated, it offers both practicality and security.

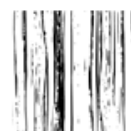

In the upper section, a bust for necklaces and removable trays for jewelry, lined with suede fabric, provide neat organization. A hidden secret compartment is located at the back.

The drawers, with white leather fronts, are organized to hold jewelry and lined inside with white suede fabric.
