

GIOIA RUTENIO

Jewelry safe cabinet in fine glossy ebony, with accessories in 24-karat gold-plated brass. Inside, a safe opens via a touch screen numeric keypad, battery-operated, offering the perfect balance of functionality and security.

The upper lid, with an integrated mirror, opens to reveal a compartment designed for jewelry organization.

The drawers, made of refined white leather, are removable and equipped with gold-plated handles. The interior is carefully organized to hold various types of jewelry, lined with soft white suede for secure and sophisticated protection.
